

56 *Hauler*

The Hauler team at Boot Hill Auto is made up of a gifted group of highly specialized people. Each member was chosen to bring a specific skill set to the team which allows Boot Hill Auto to provide a wide array of restoration services.

Left to right are: Jeff Inglis, Jim Coleman, Jeff Bennett, Stephen Montanaro, Ron Caicco (Hauler Owner), Blaine Schmidt (President), Greg VanLeeuwen, Ben Van de Yssel, Mike Meron, Kevin Horsman and Kelly Morrison. Missing from the photo are Candy Takacs, Tyson Stinson, Cameron Buchanan and Shane Vottero.

Boot Hill Auto is the only custom restoration shop in Canada to offer complete restoration services at one convenient location. Their unique facility allows them to complete projects from start to finish without having to move their projects off their property. Boot Hill is dedicated to the preservation, restoration and enjoyment of all domestic or imported vehicles and classic cars.

For the full list of specs on the remarkable build of the 56 Hauler, see pages 90-95.

Awards from the Autorama Show in Detroit....

The Hauler team can be proud of winning "Outstanding Display," "Radical Pickup - First Place," and "Best Truck" at its first showing in Detroit's Autorama. Many people brought this build to fruition, from Ron and the Boot Hill crew, to all those talented independents who lent their expertise and artistic insights to making this a winning, world-class vehicle.

Owner Ron and the Boothill Crew are pleased with these just out of the gate accomplishments. Hauler undoubtedly, has many miles to travel and more awards and adventures to come. Congratulations Ron and the whole team who helped him achieve his dream in such an outstanding and memorable way!

The name "Pigeon Forge" comes from an iron forge built by Isaac Love (1783–1854) sometime around 1820. The name of this forge referred to its location along the Little Pigeon River, in the vicinity of what is now the Old Mill. The name of the river comes from the flocks of passenger pigeons that frequented its banks at the time of the first Euro-American settlers' arrival. The Cherokees originally used the area as their hunting grounds. Now, Pigeon Forge, nestled in the Smoky Mountains, has become the southeast mecca for car and truck enthusiasts, featuring 14 truck and car shows annually.
